

Who or what is “EASD”?

EASD is one of the largest networks for diabetologists worldwide with the mission to promote excellence in diabetes care through research and education.

Our aims are to encourage and support research in the field of diabetes, the rapid diffusion of acquired knowledge and to facilitate its application.

Our Reputation

The fight
against Diabetes

Researcher

HCPS

Collaborator

**EASD and our
Reputation**

We are „THE“ diabetes association in Europe

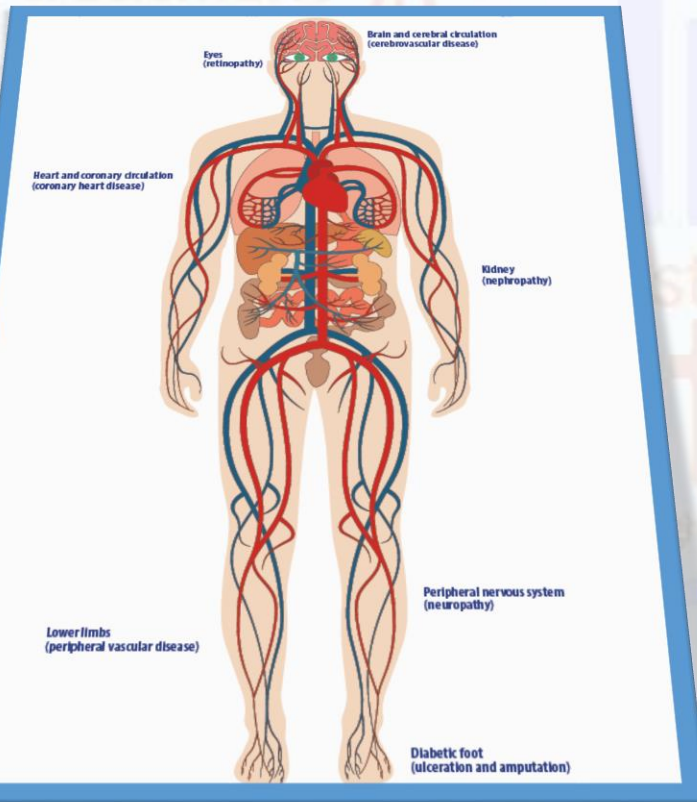

We have brought diabetes education to over 60,000 physicians from all over the world through our Postgraduate Education activities

We have committed €100,000,000 to diabetes research projects

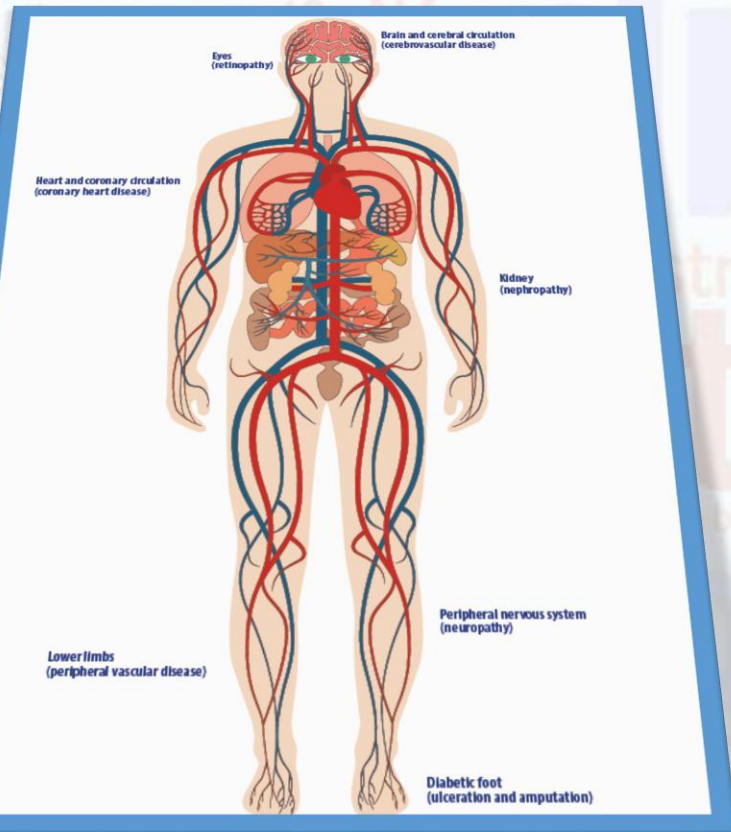

We run the world's largest international meeting on diabetes

EASD Postgraduate Courses offer hands-on training

- Since the EASD was established, it was clear that doctors from behind the 'iron curtain' have extreme difficulties in coming to EASD annual meeting unless they are organized behind the 'iron curtain' (Warsaw, Leipzig)
- The idea was to bring Western European faculty to Central and Eastern European countries
- We strive to cover as many topics as possible
- We teach real techniques for treatment and care
- We work with scientists and medical professionals
- We encourage young professionals to enter the field
- We are developing the future of diabetes, diabetes research and diabetes care

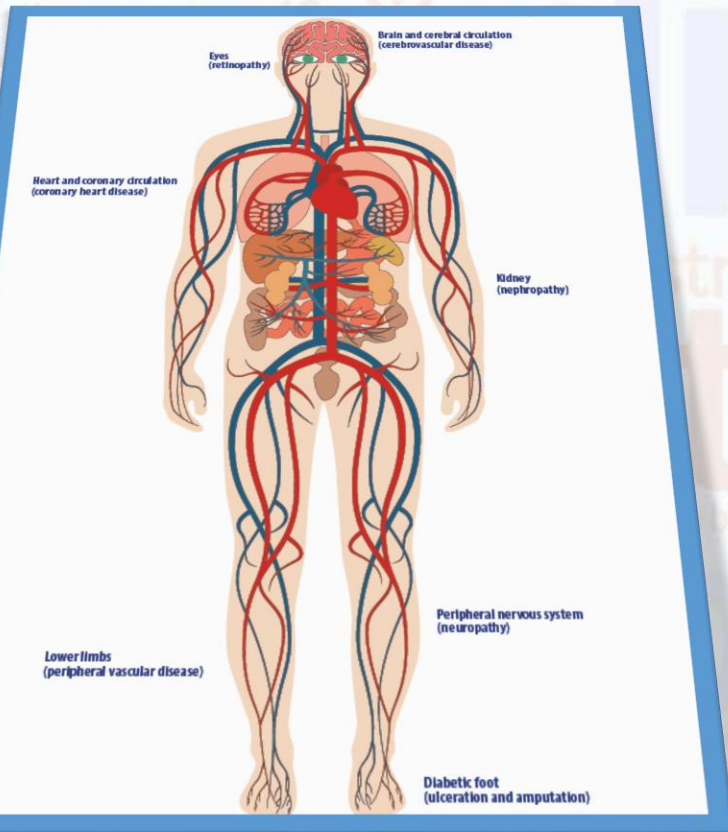

EASD Postgraduate Courses offer hands-on training

- We strive to cover as many topics as possible
- We teach real techniques for treatment and care
- We work with scientists and medical professionals
- We encourage young professionals to enter the field
- We are developing the future of diabetes, diabetes research and diabetes care
- Our faculty receives no honorarium – but we try to treat them well! (Andrew J.M. Boulton)
- No Industry influence on programme and only Evidence Based!

We are making a REAL difference!

EASD Postgraduate Courses offer hands-on training

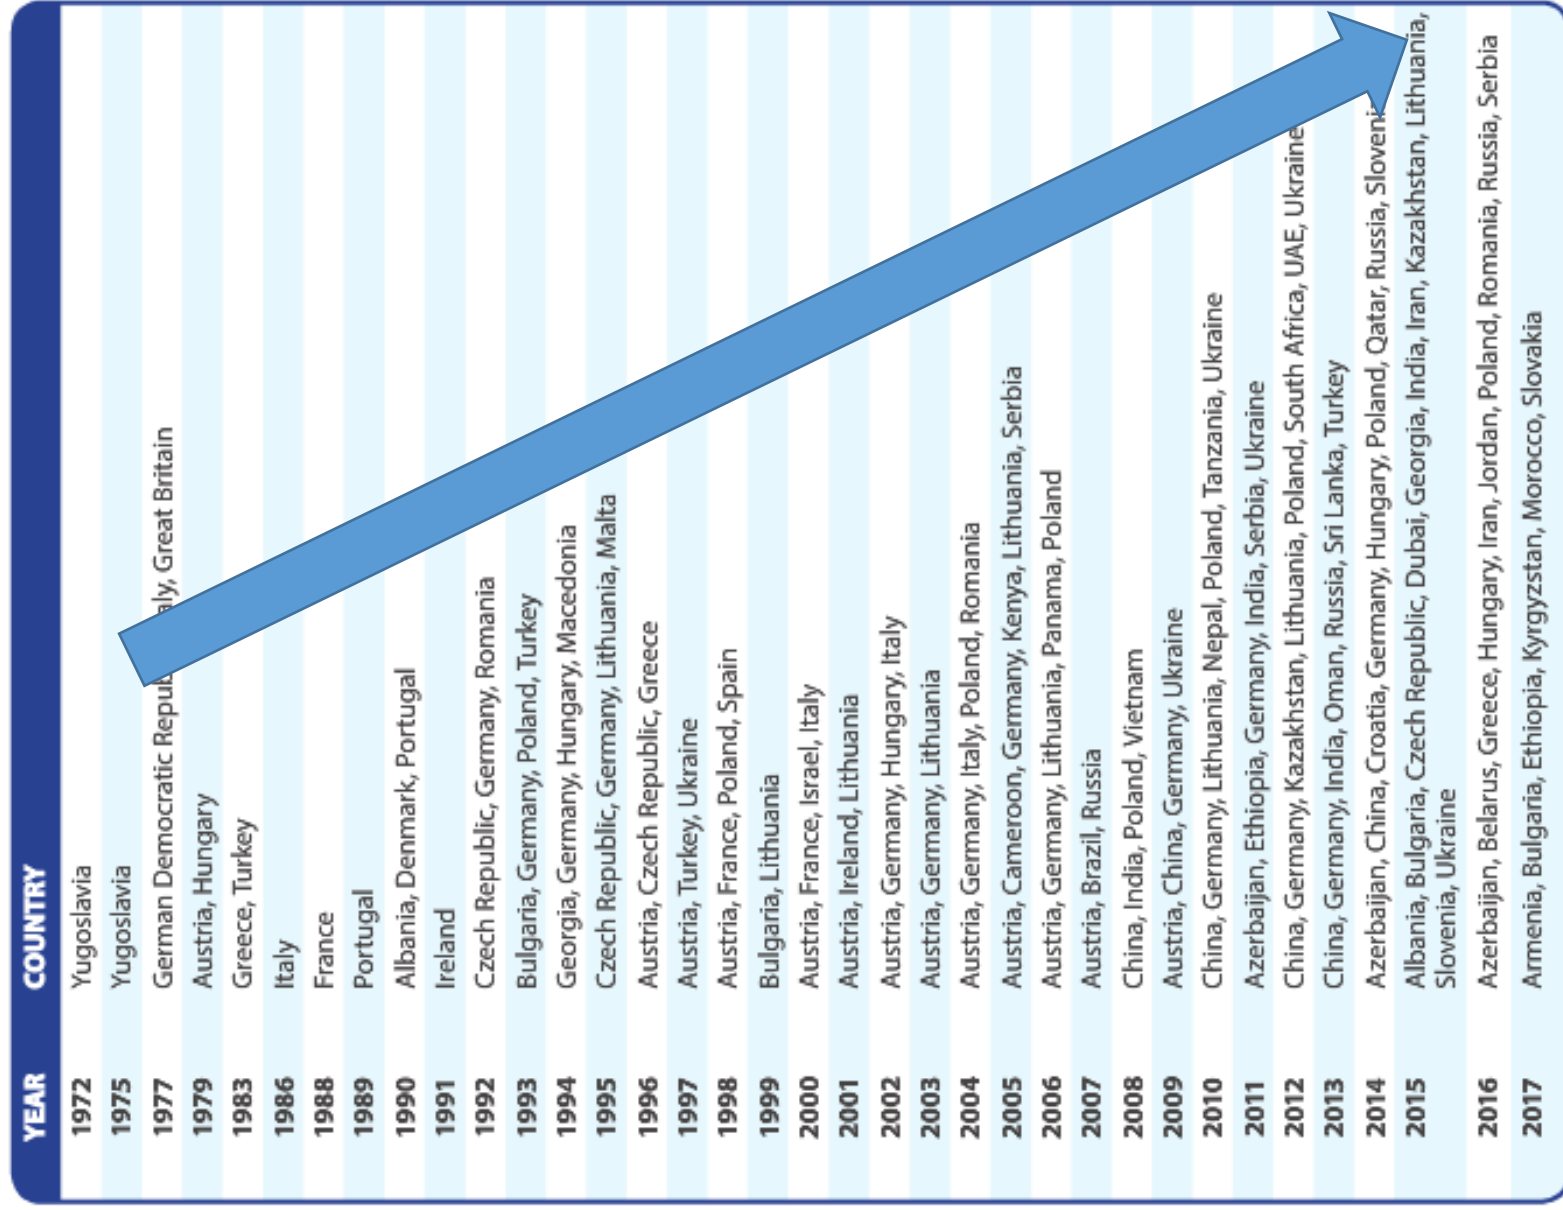

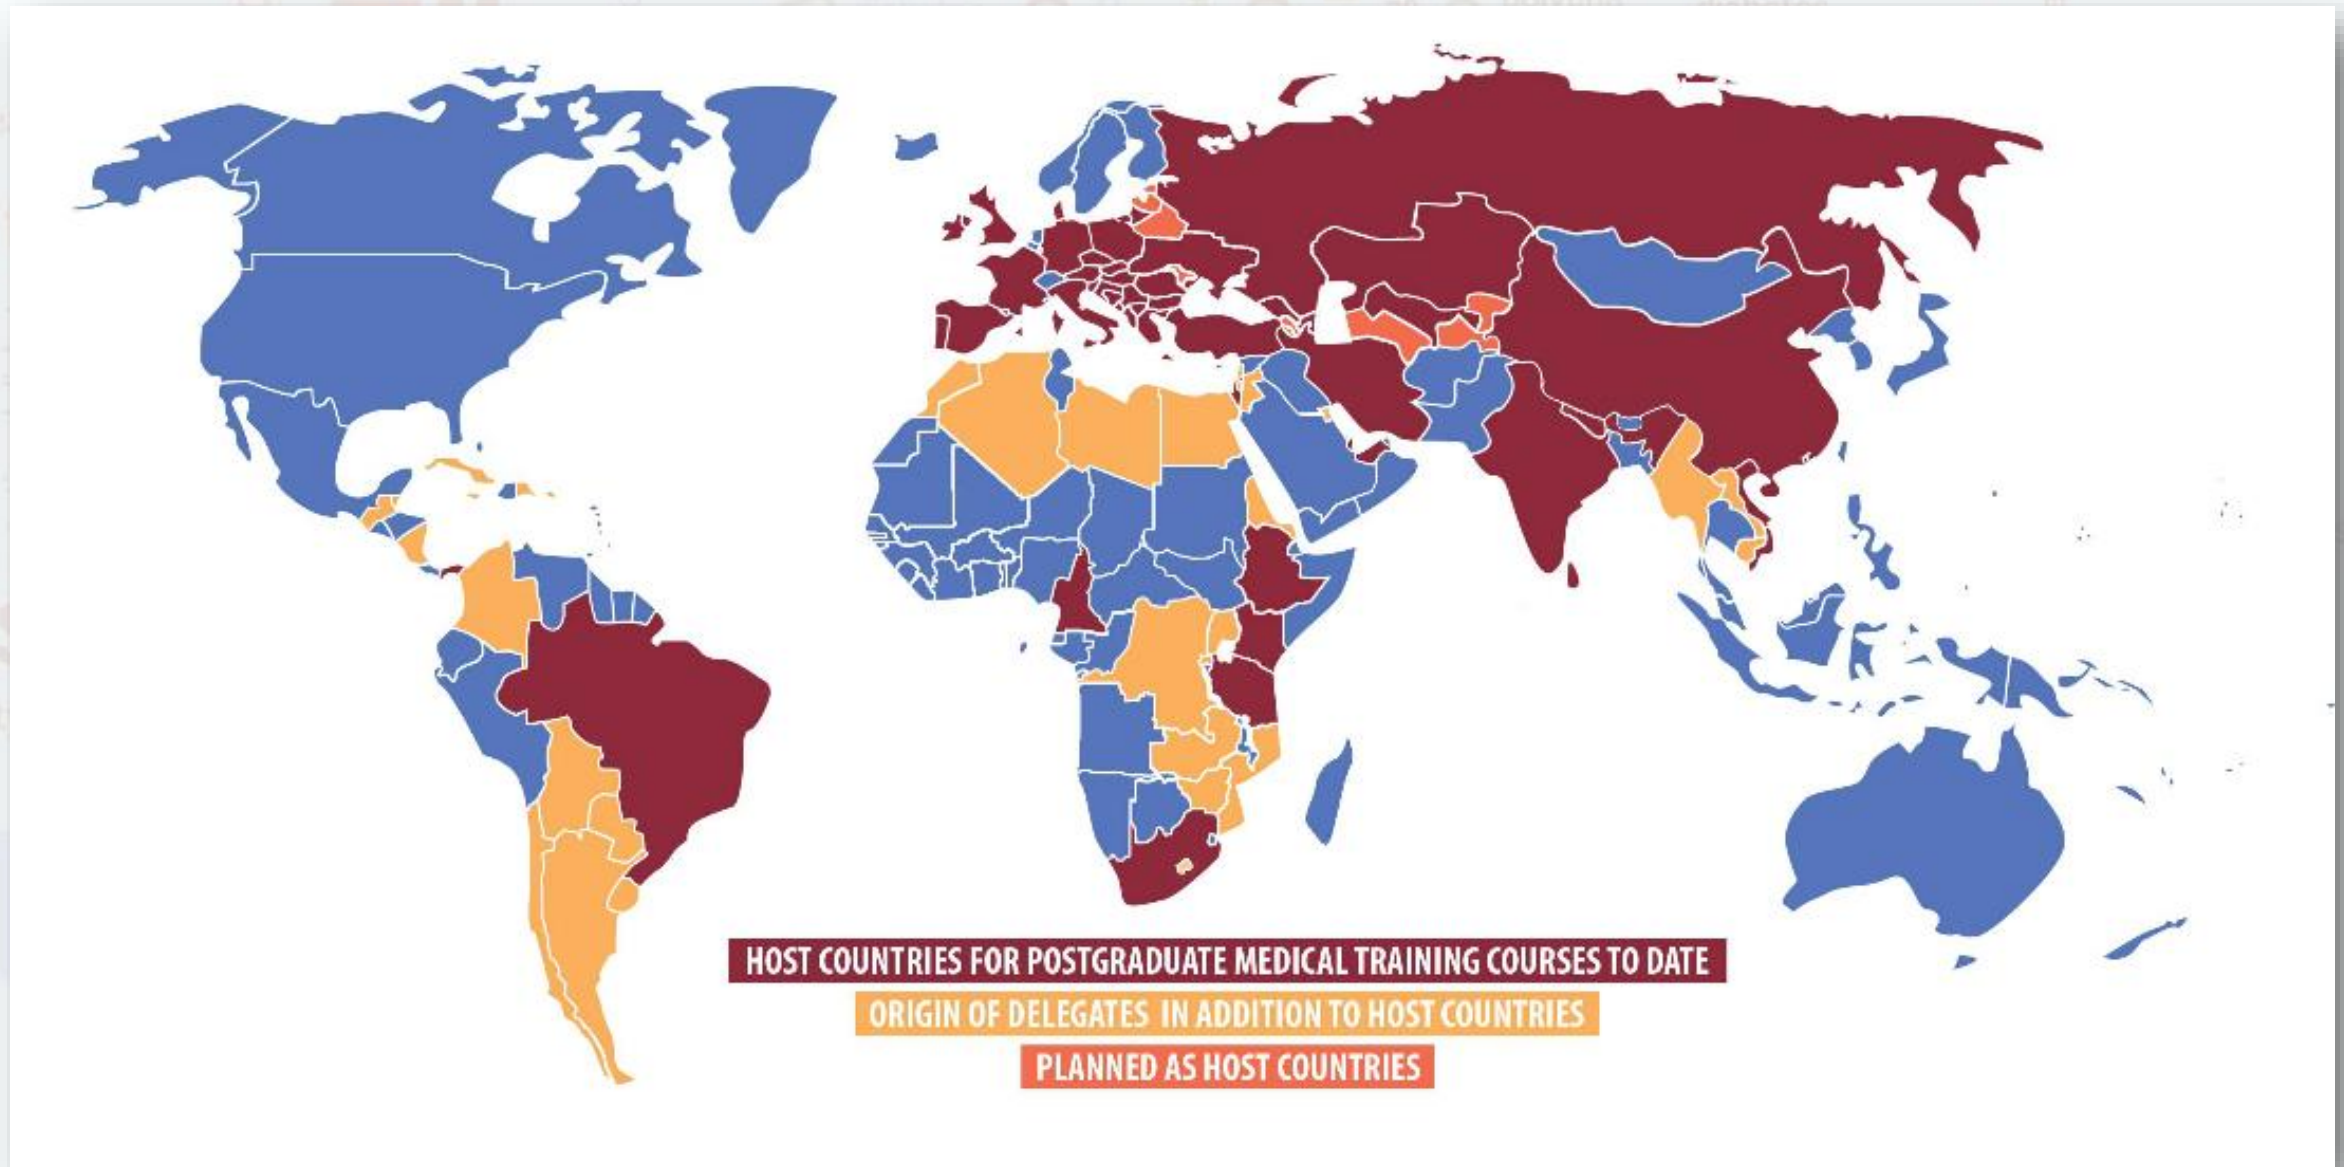

- Places for courses are selected on several principles:
- Regular locations (every 2-3 years in well attended location), or
- New locations – each year applying or actively searched
- Each region served on regular basis: Russia or Ukraine on alternate years, and Central Europe, Balkans, Caucasus, Central Asia yearly, but various countries
- Trusted local liaison person(s)
- Local culture and customs strictly observed – we are non-political NGO

Global reach

Financial impact of our education programmes

- In 2015, EASD spent over €500,000 on Postgraduate Education Courses. In 2016, this increased to close to €1,000,000
- We made a financial commitment to make a positive impact on diabetes treatment and care in areas where education is limited, or non-existent.
- EASD offers unbiased, evidence-based education, free from pharmaceutical interference.

PARTICIPANT ORIGINS

We are making a REAL difference!

Thanks go to:

- The local organisers here in Shiraz, lead by Prof. Dabaghmanesh
- The local industry, whose financial support make this and all our courses possible
- Our local and international faculty, who donate their time and their knowledge
- The EASD office and Postgraduate Committee
- Dr. Rajab – a long time friend of the EASD office
